INDUSTRY NEWS - *News of potential interest to anyone working in the contract industry*

SpaceX and NASA Successfully Launch Crew-1 to ISS — Space transportation service company SpaceX and NASA have successfully launched the first operational crew mission (Crew-1) to the International Space Station (ISS). The SpaceX-designed Crew Dragon capsule with four astronauts aboard lifted-off atop the Falcon 9 rocket from NASA's Kennedy Space Center in Cape Canaveral, Florida. This launch marks NASA's first full-fledged mission of sending a crew into orbit through privately owned spacecraft.

European Union to Impose Tariffs on U.S. Goods Over Boeing Dispute — European Commission Executive Vice President Valdis Dombrovkis said that the European Union will push ahead with plans to impose tariffs worth up to \$4 billion (€3.37 billion) on an array of U.S. imports. The tariffs come in retaliation to the U.S. awarding illegal state aid to the airplane manufacturer Boeing. "The U.S. has imposed tariffs following the WTO ruling in the Airbus case. Now, we have a WTO ruling also in our Boeing case, allowing us to impose our tariffs and that's what we are doing," the European Union official said.

NASA Awards Contract for Engineering, Technical Support Services — NASA has selected ASRC Federal Systems Solutions of Beltsville, Maryland, to perform engineering and technical support services for Research Facilities and Engineering Support Services (RF&ESS) for the Mission Support Directorate at the agency's Armstrong Flight Research Center in Edwards, California. The contract will begin January 5, 2021, following a 60-day phase-in period, and run through January 4, 2026, if all options are exercised. The total value, inclusive of options, is \$86.4 million. The Armstrong RF&ESS contract provides all services and materials required to support mission operations for the Dryden Aeronautical Test Range, including engineering, simulation support, and center-wide information technology services and support. The contract encompasses development, engineering, operations, maintenance, documentation, training, customer outreach, change management, configuration control, troubleshooting, and related functions within the Mission Support Directorate at Armstrong.

Hot Sheet of Available Contractors

Subscribers:

When you're unemployed or if you've received your layoff notice: let the recruiters know you're available with a free Hot Sheet listing. The Hot Sheet includes your job classification, name, contact information, and resume ID. The most effective use of the Hot Sheet is to make sure you have your updated resume as your listing includes a link to your resume. The Hot Sheet consists of two sections: Unemployed Listings and Mini-Ads. You have one free listing per calendar month, if you'd like additional listings during the same calendar month, you can place a Mini-Ad. The cost is \$5 per insertion. Mini-Ads are also for those who are currently employed, but would like to have a listing on the Hot Sheet. Deadline for inclusion on Friday's Hot Sheet is Thursday, 4:00 p.m. (Pacific Coast time).

Want more info on the Hot Sheet – call or email our office, better yet – login and click on the link "Sign up for this week's Hot Sheet!" for more info.

Recruiters:

Are you looking to fill an urgent requirement?? Why not try the Hot Sheet – it's a recruiting tool available to current advertisers. Recruiters can search the last 10 weeks of Hot Sheets to find contractors who are currently available. In addition to the Hot Sheet listing we provide you with a link to the subscriber's resume, along with their contact information. Login to search or view the latest Hot Sheet!!
